Scripture: Judges 6: 33-35  
Date: May 2, 2021

## **COMPLIANCE - WORSHIP**

### *TEACHING*

God speaks a calling to us – often using that which seems the smallest and least important to ensure that His glory is most fully revealed. But we often doubt the size of the task given the scope of our capabilities.

### *REFLECTIONS*

Where in your world have you seen / heard God's calling to you?

Where in your life / faith do you doubt your gifts / talents that could be for God's glory?

## **CONFIDENCE – WILLING**

### *TEACHING*

God is gracious with our doubts and fears – even to the point of confirming them with a supernatural sign or wonder. We ask for a sign and God sends a revelation.

### *REFLECTIONS*

Where in your world have you doubted God's presence / God's promises / God's power?

What signs or revelations have you seen that have affirmed God's presence / God's power / God's provisions?

## **COMPETENCE - WINNING**

### *TEACHING*

God makes us complete – in Him and for Him – by giving revelations of how and where to act. God's call is as much about winning the world as it is about winning us. That we would know – and act upon – His calling to us, His confidence in us and His competence for us

### *REFLECTIONS*

Where have you seen God succeed in your faith life?

What was your response to that glory?
