

## Honesty in Wisdom

Scripture: Proverbs 16: 10-16

Date: January 17, 2021

### **HONESTY EXPECTED**

#### *TEACHING*

In a world filled with fact hidden as fiction we struggle with honest evaluations of who God is, who we are and how we are to connect. We resolve to know God better as Psalm 139: 22-23 invites us into.

#### *REFLECTIONS*

Where in your world do you struggle with your identity in Christ?

Where in your world do you struggle with living out your identity in Christ?

### **HONESTY REJECTED**

#### *TEACHING*

As God reveals the honest truth of who He is and who we are to Him – the greatness and the guilt – we struggle to accept this unvarnished understanding of ourselves.

#### *REFLECTIONS*

Where in your world do you deny or deflect compliments – criticisms?

### **HONESTY ACCEPTED**

#### *TEACHING*

In confession we see that God's truth can become our truth through Jesus Christ. Jesus throws away the sin that forces the scales towards death and instead weights them towards life. A life filled with God's wisdom of who He is and who we are to Him.

#### *REFLECTIONS*

Where in your world can you confess revelations of God's presence and promises more than your efforts of resolutions?
