

Honour From Wisdom

Scripture: Proverbs 16: 31-32

Date: February 7, 2021

HIDDEN VALUE

TEACHING

In a world where the values and expectations keep changing it's hard to honour God of the Bible much less honour ourselves on a regular basis. Proverbs becomes a rulebook on how to live more than a roadmap of where to live.

REFLECTIONS

Where in your world do you struggle with value and worth
Before God
Before yourself
Before others around you?

HOLY VALUE

TEACHING

1 John 2 reminds us that Jesus is God who came to earth to show us how to live righteous (the right way for the right reason) lives. It also reminds us that His death and resurrection empower us to be able to live that way ourselves.

REFLECTIONS

What part of Jesus' righteousness – who He is and what He does – is appealing to you?

HONOURED VALUE

TEACHING

By God's grace we are given the power of Christ's righteousness that changes us into honourable aspects of creation. Yet we are also called to live that truth – that rightness – out in our everyday world. Calling it back to the honour which God designed for us to live with.

REFLECTIONS

What part of your life has God grown you in?

Where in your life can you live that righteousness out.
