

## Hope from Wisdom

Scripture: Proverbs 16: 33  
Date: February 14, 2021

### **HOPELESS**

#### *TEACHING*

In the midst of a winter season of life there are times when it's hard to feel the hope of the spring when you are surrounded by the chill of life. The bleakness, the brokenness of life discourage us from seeing the possibility of better or of more.

#### *REFLECTIONS*

What parts of your life are suffering the cold chill of hopelessness?

What would help restore your hope?

### **HOPEFULL**

#### *TEACHING*

Epiphany is a sudden insight or profound new understanding that comes from a revelation or manifestation beyond you. It inspires and motivates one forward. Proverbs are short sayings that are memorable and practical in giving directions in how we are to live our lives. They – together give hope a power to move forward and in a direction that is best for us.

#### *REFLECTIONS*

Where in your life has God inspired you previously?

### **HELPFUL**

#### *TEACHING*

Proverbs reminds us that all insight and direction – that are best for us – come from Him. God gives us revelation, inspiration and direction to live lives in Him and for Him. We best live in the hope by receiving God's presence and promise through His grace and then share that faith and love and hope to the world around us.

#### *REFLECTIONS*

Who in your life can you share the hope of Jesus Christ with?
